

Assignment: Profile in <http://thefacebook.com>

Due date: This assignment must be completed by the end of the first week of the semester. It is worth 10 points.

Your assignment is to register with <http://thefacebook.com> and enter a complete profile (with picture and as much additional information as you desire). Simply go to the website at <http://thefacebook.com> and follow the instructions on the link for “register.”

Note that this website has an agreement for “terms of use,” and profiles should contain accurate and inoffensive information. However, you should feel free to have fun and enter information as you see fit, as long as what you include falls within the guidelines for “terms of use.”

When you have completed your profile, login to <http://thefacebook.com> and “poke” Dr. Bidlack so he knows that you have completed the assignment.
